

Introduction to Autism and Aspergers Syndrome

Course Description:

This course gives an overview of Autism Spectrum Disorder and Asperger's Syndrome. It will allow the delegates to understand the presentation of both, subsequent client needs and behaviour whilst maintaining good practice for supporting them

Course Outline:

- What is Autism?
- What is Asperger's Syndrome?
- Client needs and behaviour
- Support strategies and planning
- Multi-team approaches
- Support networks and resources
- Best practice

Course Duration:

1 Day

Assessment:

There is no final assessment. The tutor ensures a thorough understanding has been achieved by questions, answers, discussion and practical scenarios

Certification:

All delegates will receive a certificate of attendance
