

CITB - Health and Safety Awareness

Course Description:

This course is for you if you're considering, or already, working within the construction and civil engineering industry. The course highlights potential hazards when working on site and provides practical advice on keeping yourself and your colleagues safe. It covers your individual and employer's responsibilities, including what you can do if you think anyone's health and safety is being put at risk and will provide you with a firm foundation in Health and Safety.

Course Outline:

- Individual responsibilities for your own safety and that of others
- Typical construction hazards and how these are controlled
- Achieving better practical standards of safety on site
- Preventing accidents
- Health and Safety law
- Risk Assessments and Method Statements
- Reporting of accidents and near miss procedures

Course Duration:

1 Day

Assessment:

Multiple Choice test paper

Certification:

CITB Site Safety Plus

Qualification:

Changes to the CSCS Green Card from 1st July 2014

To obtain your green CSCS labourer card you now need to attend both this CITB 1 Day Health & Safety Awareness Course and then complete the touch screen CITB Health, Safety & Environmental Test.
