

De-escalation and Restrictive Physical Intervention/ Breakaway

Techniques

Course Description:

This training provides learners, working in higher risk environments, with additional skills and knowledge to restrict and control the movement of an individual when necessary, to protect them from harm and to stop them harming others. The main focus of this course will be on de-escalation and using Restrictive Physical Intervention as a last resort, risk management and how to reduce the need for RPI.

Course Duration:

Dependent on needs
