

Fire Risk Assessments

Course Description:

Under The Regulatory Reform (Fire Safety) Order 2005 employers are required to complete a Fire Risk Assessment in addition to their other fire safety responsibilities. The assessment should be carried out by a competent person and failure to carry this out could result in a substantial fine, imprisonment or both. It is also likely that your insurance policy would be invalidated leaving you to repair any damage caused.

Essential 6 competent fire risk assessors can complete and assist you with your fire risk assessments contact our team for more information.
