

## Fire Warden/Marshall Including Extinguisher Practice on Live Fire

### Simulator

#### Course Description:

This course has been designed to give personnel the necessary information, knowledge and training for them to be competent in fire safety and perform duties as a fire warden/Marshall. During this theoretical and practical course you will experience the heat and flames from our simulator whilst we teach you to put out a real fire using a range of extinguishers. Ultimately you will gain confidence in operating a range of extinguishers to appropriately extinguish different classes of fires. The Regulatory Reform Fire Safety Order requires all employed personnel to have adequate fire safety training periodically and organisations are required to have fire wardens/Marshalls on hand at all times.

#### Course Outline:

- Intro to fire safety
- Fire precautions/health & safety legislation
- General fire prevention measures
- Actions to be taken in the event of a fire
- Evacuation procedures
- Means of escape
- Types of alarm and fire detectors
- Fire wardens' responsibilities
- Practical exercises operating extinguishers on live fires
- Information required by the fire service on arrival
- Triangle of combustion
- Classes of fire and methods of extinction
- Operation of fire extinguishers
- Basic fire precautions
- Fire register and accountability procedures

#### Course Duration:

1 day
