

First Aid at Work Refresher – HSE Approved

Course Description:

This course enables first aiders to refresh their skills and update their knowledge. This course covers the First Aid at Work syllabus and ensures that time is given to practice practical sessions and review updates. All learners must be in possession of a current and valid First Aid at Work certificate to commence their programme of learning.

Course Outline:

By the end of the course the delegates will be able to:

- : Act safely, promptly and effectively when an emergency occurs at work
- : Carry out cardio-pulmonary resuscitation (CPR) promptly and effectively
- : Care for a unconscious casualty and place in the recovery position
- : Administer first aid to a casualty who is wounded or bleeding
- : Administer first aid to a casualty who has been:
 - : Burned or scalded
 - : Is suffering from an injury to bones, muscles or joints
 - : Is suffering from shock
 - : Has an eye injury
 - : May be poisoned
 - : Has been overcome by gas or fumes
- : Transport a casualty safely as required by the circumstances of the workplace
 - : Recognise common major and minor illnesses/conditions and take appropriate actions as required
- : Maintain simple factual records and provide written information if required
- : Delegates will also be able to demonstrate a knowledge and understanding of the principles of first aid at work, in particular of:
 - : The importance of personal hygiene in first aid procedures
 - : The legal framework for first aid provision at work
 - : The use of equipment provided in the workplace
 - : The role of the first aider in emergency procedures

Course Duration:

2 Days

Assessment:

Delegates are formally assessed on 3 practical scenarios by two independent assessors and also sit a multiple choice question paper or oral question paper on request

Certification:

Successful delegates receive a certificate that is approved by the Health and Safety Executive and valid for a period of three years

Awarding Body:

HSE

Extra Details:

All delegates receive a quality first aid manual. Sensible dress is advised as practical floor-based activities are required

Employers should make every effort to ensure that first aiders with a current 3 year first aid at work (FAW) certificate attend a re-qualification course within the 3 month period prior to the certificate expiry date. However, where this has not been possible, HSE will allow an extension of the certificate for 28 days beyond the expiry date, within which a re-qualification course should be completed
